

INTERNATIONAL PLAN

0.2 version - 2025/03/19

ANEFS INTERNATIONAL COACHES

Anefs International Coaches...

It is the international expansion program of the National Association of Futsal Coaches (ANEFS). Its goal is to create a global network of futsal coaches to share knowledge, strengthen training, and promote the development of the sport in different countries.

International
Coaches

Program Objectives

1

Through this program, ANEFS appoints international delegates in different regions of the world. These delegates represent the Association in their countries, establish relationships with local and national coaches and associations, and work on creating training and networking opportunities for futsal coaches.

2

Additionally, ANEFS International Coaches facilitates access to high-level educational resources, including specialized courses, training events, and exclusive content through the ANEFS Virtual Academy platform.

3

The ultimate goal of the program is to consolidate a global community of futsal coaches, promoting the exchange of ideas and the growth of the sport in every corner of the world.

What does ANEFS offer to the Delegate

ANEFS is a non-profit organization. All its members receive no compensation, and ANEFS grows thanks to the contribution of all coaches, ensuring that our sport and community reach the place they deserve.

Therefore, it is an unpaid role, based on the personal contribution each delegate is willing to dedicate to their sport and community.

In return, it provides us with other personal aspects that, although not financial, are of great importance:

1

Impact and professional recognition.

2

Belonging to the oldest and most important Coaches Association in the world.

3

Contribution to the growth of futsal.

4

Important international contacts are gained.

5

You get to closely understand the real-time situation of our sport.
